

OFFER

10% until 31st of March

for all e.motion® power upgrades

HEICO SPORTIV e.motion® stands for professional engine tuning for Volvo automobiles with over 10,000 satisfied customers.

Key Features and Benefits

- **Experience:** Engineered to deliver sheer driving pleasure through consistently optimised power delivery giving improved acceleration and in-gear acceleration.
- **Enhancement:** Acting as a multiplier rather than merely an addition to the engines values without compromising the engines durability. The result is more power, torque and efficiency.
- **Garantee:** Up to 60 months / 150,000 km guarantee* from first registration; scope and handling oriented towards to that of the Volvo Guarantee**.
- **Registration:** Expert appraisal under §19 StVZO / General Operating Certificate (ABE) and Conformity Certificate (CH). Guaranteed hassle-free entry into the vehicle documentation.
- **„Plug-and-Ride“:** Quick installation and easy removal possible if required.
- **Service and Maintenance:** Can be programmed, diagnosed and updated online. No impact on service intervals and maintenance.

* in accordance with the HEICO SPORTIV **terms of guarantee**

** country-specific
